Letter of Intent

Date: 08/10/2025

Dear Sahaj,

It brings us great pride to partner with passionate youth-led organizations like the Baroda Science Society, whose vision of bringing hands-on science education to rural schools deeply resonates with our values.

We are delighted to commit INR 1,55,000 (Rupees One Lakh Fifty-Five Thousand only) towards the establishment of a BSS Science Laboratory that will enable hundreds of students to explore, experiment, and learn the joy of discovery.

Your initiative embodies the true spirit of community upliftment — combining education, innovation, and compassion. We at Shakun Polymers looks forward to being part of this journey and to seeing the bright young minds of India flourish through your programs.

With warm regards,

Yours faithfully,

For **Shakun Polymers Private Limited**
